May 2023

Strathclyde
Pension Fund

In this issue:

- Year End Returns 2022/23
- 2023 Annual General Meeting

Year End Returns

Employers should have submitted final i-Connect files by **12th May**. Please note that this is a valuation year and is imperative that your last file is input before this date to allow us the time to carry out the work required to prepare clean data for submission to our actuaries. The data is also required to enable us to issue the annual benefit statements. Failure to meet this deadline will result in charges being raised per appendix 6 of our [Pensions Administration Strategy](#).

If you have any queries, please do not hesitate to contact Robert Wright at robert.wright@glasgow.gov.uk

2023 Annual General Meeting (AGM)

Our AGM this year will be held on the morning of **Friday 23rd June** via Teams Events. As usual we will present our unaudited accounts together with updates on investment, administration and governance. Hymans Robertson will give their first thoughts on this year's actuarial valuation of the Fund. We will issue invitations to all employers during May.
